

SUNIL KUMAR PASUPULETI

FULL STACK DEVELOPER

I am a passionate full-stack engineer with over 3 years of hands-on experience in developing scalable web applications and mobile apps. My skill set includes a wide range of front-end and back-end technologies such as HTML, CSS, Angular, React, JavaScript, and more. I have also successfully developed 20+ websites from scratch during my time at Scaler. Notably, I've created mobile apps available on both the Play Store and App Store, showcasing my proficiency in app development. As a forward-thinking full-stack developer, I am eager to further enhance my expertise in React Native and Next.js, staying at the forefront of technology to deliver innovative web and mobile experiences.
